Family Law Services

OUR SERVICES

Expertise on your doorstep

Our dedicated Family Law Team works across the Firm's offices in Cardiff, Caerphilly, Talbot Green, Swansea and Newport. Our network of offices allows us to offer our services to clients throughout South, East and West Wales.

Our services include:

- General advice on divorce & separation
- International aspects of marriage including overseas assets
- Financial settlements (including pensions)
- Contact & parental responsibility
- Residence
- Dealing with Child Abduction
- Adoption
- Prenuptial agreements
- Separation agreements
- Cohabitation contracts
- Breakdown of Civil Partnership or cohabitee relationship

The team is comprised of experienced and sympathetic Family Lawyers, supported by legal assistants and secretarial staff.

All of our solicitors are members of the Law Society's Family Panel or members of the solicitors' organisation, Resolution, a body that promotes a non-confrontational approach in a family breakdown.

Admission to Resolution can only be achieved through the recommendation of our fellow solicitors.

We recognise the importance of balancing strong representation with a conciliatory approach and that when dealing with a family breakdown, the interests of our clients and their children are paramount.

We also recognise that in most police divorce cases, financial security, particularly the preservation of pensions will be one of many important considerations a police officer will need to take into account.

We are ideally placed to offer a convenient, cost-effective and local service to the officers, support staff and families of Police Forces across Wales.

OUR FEES

Fixed Fee Divorce (Uncontested)

We are able to offer police officers and support staff a specially discounted fixed fee from £350 + VAT + disbursements for a standard, uncontested divorce and specially discounted rates for ancillary matters.

We are happy to discuss your preferred payment options and offer a budget plan or payment via standing order. Invoices are sent on a quarterly basis.

Clients have the opportunity to discuss their circumstances in a free initial confidential half hour interview to take place either during a surgery (see below) or at the nearest Howells branch.

Legal Helpline

There are occasions when general guidance on matrimonial and family related matters will be required and our experience shows that this can often be given quite effectively by telephone. There may also be occasions when you need instant advice and guidance. We provide our clients with a legal telephone helpline number to give them access to such advice quickly and efficiently at the times when they need it most.
